

Rose Nduta

Changing lives stitch by stitch

Kenana Knitters

Rose joined Kenana Knitters in 2006, she was brought here by her sister who was already a knitter.

Through her work at Kenana, Rose has been a strong provider for her family, supporting her husband in taking care of the family and making investments. Together with her husband they are raising and educating 3 children and have managed to build a family permanent family home.

I thank Kenana for taking me on to be a knitter. My family would not be where it is without the help and support I have been given.
